

ENVIRONMENTAL COMPLIANCE STATEMENT

Approved for Unlimited Distribution

Luminit LLC certifies that its standard Light Shaping Diffuser (LSD®) materials and articles including Injection Molded parts comply with the requirements of the following Directives of the European Union:

- RoHS – Directives (EU) 2015/863 and 2011/65/EU
- WEEE – Directive 2012/19/EU
- REACH – Regulation (EC) No 1907/2006

This certification is based on a comprehensive survey of the raw materials used in these articles, which indicated they do not contain levels of any Hazardous Materials or Substances of Very High Concern (SVHC), per the Candidate List of 181 SVHCs (last updated 15 Jan 2018), that would exceed the allowed threshold limits.

In addition, compliance to RoHS Directive 2002/95/EC for standard polycarbonate articles has been confirmed by an independent testing laboratory (SGS US Testing Company, Inc.), test results of which are available upon request.

Also, we affirm that all LSD® articles:

- Contain no materials of animal origin
- Contain no Conflict Minerals per CFSI/CMRT-v5.1

Luminit is committed to manufacturing its products in an environmentally responsible manner, and in compliance with both the letter and the spirit of all applicable regulations.
